The TF was thorough in her feedback on homework assignments.

The QuantCrit presentation was great!

Lindsey has been an incredible TF. She is responsive via email, in-person, and during office hours. She has also been such an asset to the class, helping to answer questions, explaining concepts in alternative ways, and sharing examples to assist in understanding the material.

She is knowledgeable and able to explain the material in a clear way.

Please comment on the TF's weaknesses

I understand that Lindsey didn't need to re-learn the course material, but I found it distracting that she was working on her computer all class each time, especially since she was sitting at the front of the classroom.

N/A- Lindsey is amazing!

I want to take this opportunity to thank Lindsey for being such an amazing TF for this quantitative research methods course. It has been a pleasure learning from her and Andrew this semester. Lindsey has set aside a considerable amount of time to make sure that each of us has a strong understanding of course material and to ensure that we are well-prepared for our exams. She also delivered an excellent lecture on QuantCrit, filled with interesting discussions and activities that we will be able to take with us on our research careers.
